**Autism Awareness Training
for the workplace.**

Enable your company to extract the potential out of ALL of your employees!

Approximately 700,000 people in the UK are diagnosed with Autism Spectrum Condition (ASC). Common strengths associated with ASC are: problem-solving skills and attention to detail, high levels of concentration, reliability and loyalty, technical ability and specialist interests and resourcefulness.

Learn how your company can benefit from these strengths by signing up to one of the training programmes below.

Autism Awareness Training

A highly experienced trainer will come into your workplace and deliver a carefully designed programme which will inform and support your team to work alongside colleagues with ASC.

Prices start at £150.

1:1 training for key staff

This specialist programme is key for recruitment teams and line managers who want to ensure that employees with ASC are given the best possible and most inclusive support enabling them to be successful in the workplace.

Prices start at £75 per hour
