

# Career Pathways

Information and advice  
for young disabled people

Career Pathways is an independent careers advice service in London for people aged 16 to 25. Our career advisors will work with you to set you on the path to succeed.

**SCOPE**  
= Equality for  
disabled people

Supported by

**Deloitte.**

## You'll be offered up to three one-hour sessions to:

- explore career options and the employment routes open to you
- develop your career goals and create an action plan to help you achieve them.

As part of the service you'll also have the option to attend career open days with other young people.

The sessions are run in person at local venues and over Skype and email. We can provide adjustments if you need them, such as British Sign Language interpreters, large print materials or hearing loops.

Complete the online application form at
