#### 1. INTRODUCTION

This policy accepts the definition of SEN as set out in s20 of the Children and Families act 2014. It reflects the approach to and arrangements for SEN outlined in the Children and Families Act 2014.

#### 2. SPECIAL EDUCATIONAL PROVISION AT THE COURTYARD

- 2.1 The Courtyard is a special school for students aged 13-19. Students at The Courtyard all possess an EHCP for autism spectrum condition and/or speech, language and communication needs. Many students at The Courtyard also have additional difficulties (e.g. physical, sensory, communication and emotional/behavioural).
- 2.2 Admissions to the school are managed by the school in consultation with local authorities. Students are accepted throughout the academic year. We implement transition programmes for all students prior to placement. Placements at The Courtyard are kept under constant review and specifically through the Annual Review process which monitors the progress towards outcomes within a student's EHCP. The school accepts students from Islington and surrounding boroughs if the placement is felt to be appropriate and places are available (See The Courtyard Admissions Policy).
  - 2.3 The Courtyard has been designed and built to have provision and accessibility for people with disabilities so that they may be integrated fully into The Courtyard life).

#### 3. AIMS

- 3.1 To know each individual student as thoroughly as we can, including any circumstances which might affect their well-being, behaviour and performance at any moment in time. This includes taking a long-term view of each student, visualising the best possibilities for each, and knowing when they are ready to take the next (challenging) step.
- 3.2 To ensure we always see, first and foremost, the child and not the disability and to ensure that education (and not care) remains paramount. This will include identifying what motivates each child, to be aware of any barriers to learning, and use that knowledge to encourage them to 'have a go' for themselves.
- 3.3 To ensure that students feel safe, secure and comfortable to enable them to focus on learning, ensuring staff have clarity and act on policies and procedures.
- 3.4 To maintain high but realistic expectations for each student, enabling the development of independence.

3.5 To ensure that each student has a personalised curriculum which is tailored towards the specific needs of each individual student.

3.6

- 3.7 To offer opportunities and experiences for students to learn in a multitude of different ways and through a rich, varied and individualised curriculum.
- 3.8 To ensure that all students are engaged in learning activities appropriate to their abilities.
- 3.9 To encourage students to monitor their progress and to take responsibility for their own behaviour and learning.
- 3.10 To give students an equal voice in, and ownership of, their education so that they are able to express opinions, choices and preferences, promoting their independence, confidence and self-efficacy.
- 3.11 To use individuals' interests, skills and experiences to enhance the education of students and staff.
- 3.12 To provide enriching, motivational and project-based work experience opportunities.
- 3.13 To learn and share information, to the benefit of our students through mutually supportive relationships with parents, specialists and outside agencies.
- 3.14 To ensure that safeguarding procedures are in place to protect students from harm and neglect (please see the Safeguarding and Child Protection policy for more information).

11.2 In planning and assessment, particular consideration is given to relevance and progression in order to meet the learning difficulties of the students in our school.

#### 11.3 Planning

11.3.1 Teachers are responsible for producing termly plans linked to the chosen adopted curricula in their area. The planning must form a

coherent, relevant and comprehensive learning package.
