

Starting Line

Pre-employment skills and training for disabled people

SCOPE = Equality for disabled people

“Starting Line supports your confidence. I feel more confident speaking in a group now.”

Rehan

Starting Line is a seven week, group based, pre-employment training programme for disabled people at the start of the journey into work.

We will work with you to develop a programme around your **career goals** and how you can achieve them.

Starting Line will support you to:

- grow in confidence, assertiveness and independence
- develop your interview skills
- find volunteering, training or employment opportunities
- talk about disability in the workplace.

To join

Register for **Starting Line** by completing our online application form at scope.org.uk/startingline
